

# Fall Forward with *Currents*!

## Digital & Hardcopy Subscription Options Now Available

Fall forward this season with *Currents* by subscribing to the magazine—and tell us whether you want hardcopy, a digital version or both.

Award-winning *Currents* magazine is filled with valuable insights into innovative management approaches, the latest information about new energy initiatives, and much, much more. As a *Currents* subscriber, you'd already know about:

**1.** The natural resources management team at the Pacific Missile Range Facility, Hawaii. They were among the winners of the Chief of Naval Operations Environmental Awards program for Fiscal Year 2011 where, for the first time in over a decade, threatened green sea turtle hatchlings were successfully nested, collected, and released in a “reverse landing” back into the Pacific Ocean.

**2.** A series of successful demonstrations of camelina- and algae-based biofuels in several types of aircraft and small boats in 2010 and 2011 that is propelling the Navy toward the Great Green Fleet.

**3.** Sailors from Navy Region Northwest that continue to foster relations with local Native American tribes by helping to seed three million manila clams along the beaches of Naval Magazine Indian Island

Our subscribers know about these and many other initiatives that we cover. You can too, when you subscribe to the official energy and environmental magazine of the U.S. Navy.

To sign up for free, go to the magazine's on-line home on the Department of the Navy's Energy, Environment and Climate Change web site at [greenfleet.dodlive.mil/currents-magazine](http://greenfleet.dodlive.mil/currents-magazine) or send an e-mail to our Distribution Manager, Lorraine Wass, at [ljwass@surfbest.net](mailto:ljwass@surfbest.net) with your complete mailing address. You can opt out of a hardcopy and be notified once our electronic (pdf) and digital versions of the magazine are posted to our web site. Just put “Go Green” in the subject line of your email to Lorraine.

“Like” *Currents* on Facebook. Logon to [www.facebook.com](http://www.facebook.com) and search for “U.S. Navy Currents magazine”, click on the *Currents* logo, then click on “Like!” You can also follow us on Twitter ([www.twitter.com/navycurrents](http://www.twitter.com/navycurrents)).
